

SM620

Dental Surgical Microscope

Details Make the Difference

Telemedical Modern Root Canal Treatment

4 in 1 Module

Integrate 30° extender, beam splitter, rotation ring and 4K camera, not only improves the optical performance, but also reduces the weight of external accessories. Internal 4K camera with lower noise, higher sensitivity and resolution.

Single Finger Control

With only one finger, you can reach the magnification knob, multi-function knob and variofocus objective lens with upright sitting position.

Multiple Filter Modes

By using the multi-function knob, you can change the filter modes.

Orange filter

Used for material filling, can prevent resin material curing too fast.

White light source

Using the best medical LED light source with high CRI, excellent color restoration and uniformity of lighting spot .

Green filter

Using for observing the small vessels and bleeding points in the blood environment.

Superb Balance Arm

Equipped with dual-joint balance adjustment, the balance arm assures a ultra-smooth and ergonomic extension for dentists.

Information Display

The LED display will be visually showing filter mode, zoom magnification factor and illumination statues.

Zoom System

Continuous magnification system of 0.4x to 2.4x. Continuously view at the highest magnification without over or under-sizing the viewing field.

Cutting-edge Optics

Imported optical lens with Apochromatic Design (APO), able to remove color difference, improve articulation index and increase the depth of field.

Variofocus Objective

Variable working distance of 200-460mm(optional)

Variofocus objective

Digital camera adapter

CCD adapter

4 in 1 module

Rotation ring

30° Binocular extender

30° Binocular extender & beam splitter

Beam splitter

Specifications

Dental surgical microscope	Classic	Pro	Pro+
Zooming-magnification-changer, 0.4x-2.4x	●	●	●
180° tiltable binocular with PD adjustment	●	●	●
12.5x wide-field eyepieces, diopter adjustable of eyepiece +/-7D	●	●	●
IPD 52-75mm	●	●	●
FOV 65mm-10mm	●	●	●
Multi-Function Knob	●	●	●
Information Display	●	●	●
Illumination Intensity >70000lx (F250)	●	●	●
Built-in LED	●	●	●
Objectives	Classic	Pro	Pro+
Varifocal 120, F=200-320mm	●	●	○
